Other important information on our fees and charges

We may introduce new charges on your account or increase the amount of any charges which already apply to your account if we have a "valid reason" (as defined in the terms and conditions of your account) and by notifying you personally not less than 2 months before the change comes into effect. We may reduce the amount of any charges which apply to your account and will notify you either before the charge comes into effect or at the time it comes into effect.

Where a charge is in £ sterling but is related to a foreign currency account then we will charge you the corresponding foreign currency amount based on the rate of exchange we offer retail banking customers at on the day on which the charge is made. For further information on our currency exchange rates please contact your branch.

If you are unhappy with these fees and charges you are free to terminate your banking agreement with us and close or change your account immediately without charge and move to another retail banking service. If you wish to do so we will assist you with the move.
